III. State Conference Storm Procedures

Section A: Fall Leadership Conference

If a storm occurs during the scheduled time of the Fall Leadership Conference, the conference may be rescheduled or canceled with the decision made by the State Advisor.

Section B: State Career Development Conference

Storm hits the hosts city & the conference is called off

1. All Individual Series Events would be based solely on a written test. Tie breakers would be built into the test. Each advisor would administer the test to their own students based on pre-registration and mail the test to be scored to the host advisor or to the state advisor.
2. All Management Team Events would be based solely on a written test score only. Tie breakers would be built into the test. Each advisor would administer the test to their own students based on pre-registration and mail the test to be scored to the host advisor or to the state advisor.
3. All written events (prepared before the conference, including Marketing Research Events, Chapter Team Events, and Participating Events) will

be based on the written (manual) part of the event only. There will be no interview. The judges will be responsible to rank all of the entries with no ties.

Storm hits prohibiting even one chapter from attending State Conference

1. The conference would continue and take place for all chapters able to participate. A minimum of SIX chapters must be in attendance to hold the conference.
2. The school(s) that can't attend would still have the opportunity to compete in the following manner: (A) all participants must be pre-registered (no additions or changes) and (B) the first and second place winners in each event would be determined only from those chapters actually at the conference, and (C) the third place winners would be determined by the written test scores or the manual scores.
3. The State Advisor would request from National DECA, an extra competitive spot for each of the events so affected. This would give North Dakota an extra spot for each of the events so affected. Should National DECA turn down our request for an extra spot in each of these events, we would request that the affected number be allowed to attend the national conference, but not compete.

If a storm prevents any chapter with a state officer candidate from attending state conference:

1. The Officer Election will be postponed and candidate speeches, normally given in front of the student delegation, will be cancelled.
2. All state officer candidates in attendance will have speeches video-taped during the conference by the state advisor or his/her designee.
3. The state officer candidate interviews will be postponed, and will be conducted with each candidate via telephone conference call within 14 days of the conclusion of the state conference as determined by the state advisor.
4. Each absent state officer candidate will have 7 days from the start of the state conference to submit a video-taped speech via email to the state advisor or his/her designee for approval (officer candidates will follow protocol for speech as outlined by the state advisor; no additional sound or other visual/audio enhancement of any kind will be allowed).
5. Video-taped speeches of all state officer candidates will be emailed to all chapter advisors, who are responsible for assembling their voting delegates, playing each video-taped speech, and tabulating/electronically submitting votes via email to the state advisor or his/her designee by the deadline as indicated.
6. The state officer team will be determined and announced using the same weighted system used during the state conference:
 - 50% student vote
 - 40% interview
 - 10% portfolio
