

**The Adopt-A-Chapter Program connects each chapter with a North Dakota Association Officer. Chapter officers should communicate and work with that officer throughout the year.**

Suggestions may include: Skype into a chapter meeting, provide suggestions for community service, social activities or chapter campaigns, and answer questions about upcoming conferences and state-wide activities.

|                   |                                   |
|-------------------|-----------------------------------|
