

BUSINESS MANAGEMENT AND ADMINISTRATION CLUSTER PERFORMANCE INDICATORS

The Business Management and Administration Cluster Performance Indicators are used for the following competitive events:

1. Business Law and Ethics Team Decision Making Event
2. Human Resources Management Series Event (Human Resources Management Pathway)

Draft Performance Indicators
2011 - 2012 DECA Competitive Events

Performance Indicators for this competitive event are used to define the parameters of the written exam and other activities that are part of the overall competition. These performance indicators are a draft of the final document planned for release in the summer of 2012 for the 2013 events. This draft is the basis of events for the 2012 DECA ICDC only.

This draft list was compiled by MBAResearch and Curriculum Center and DECA Inc. and represents preliminary efforts to support all DECA competitive events within the overall framework of the National Business Administration Standards. Individual indicators are based on a review of prior research and on extensive review of available online and print literature—both from industry and education. Over the next year, MBAResearch and DECA Inc. will refine the list, edit, and evaluate individual indicators and validate the entire list with the national business community.

For additional information on these Performance Indicators, the National Curriculum Framework, or the National Business Administration Standards, please visit the MBAResearch web site at www.MBAResearch.org. Questions may be e-mailed to betho@MBAResearch.org
